Health, Safety & Environment

NIP is committed to provide a healthy, safe and clean environment to its employees, customers and contractors and will act responsibly towards the communities in which we operate.

We believe:

- ❖ The most valuable resources are human and environment on which humanity relies for existence.
- ❖ The integration of HS&E objectives into all levels of our management systems, which will enhance the probability of our business success by reducing risk and adding value to our service

NIP shall continually improve the effectiveness of the HS&E management system by achieving its commitment through:

Health

- ❖ *NIP seeks to conduct its activities in such a way as to avoid harm to the health of its employees and others in addition to promoting health awareness of its employees and its contractor.*

Safety

- ❖ *NIP works on the principle that all accidents and injuries can be prevented and will actively promote amongst all those associated with its activities a high standards of safety awareness.*

Environment

- ❖ *NIP is responsible towards creating, maintaining and ensuring clean Environment for sustainable development through conserving natural resources, efficient use of energy, promoting green belt, preventing pollution and waste minimization.*

It is the responsibility of corporate leadership and employees to implement this policy throughout NIP. This will be achieved through continuous improvement of our HS&E performance and commitment towards these principles and demanding that all who work at NIP behave in accordance with HS&E policy.
